Make your own Whitby Witch Badges

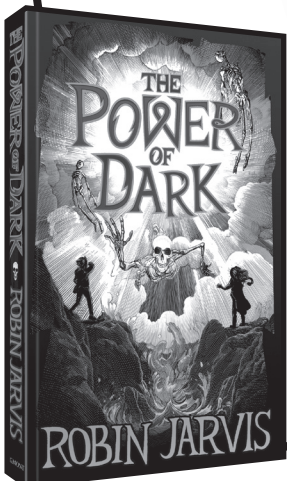

With an adults help carefully follow the instructions below to make your own Whitby Witch Badges.

Ingredients for salt dough badges:

1 Cup of Flour (8oz/225g) • ½ Cup of Salt (4oz/112g) • ½ Cup of Cold Water (4froz/100ml)

Instructions:

1. Mix the flour, salt and water together until you form a dough. You are aiming for a pastry-like consistency that won't stick to the rolling pin, so add extra flour if you need it.
2. Sprinkle some flour on the work surface, and roll out the dough to a thickness of about 4mm to 5mm
3. Using the designs on the page as a guide start creating your own Whitby Wiches badges!
4. Once ready, place the badges on a non-stick oven tray and bake on a low heat for 3 hours. Keep it low: Gas Mark 3 / 160c
5. Remove from the oven and leave too cool. Alternatively, leave the badges out, and they will be dry within a few days.
6. Once cool you can decorate the badges however you like!
