PASSPORT

This passport belongs to

It's time to travel the world one final time with Sophie and Lil, but first they need your help!

Solve the clues, complete the activity sheet for each city, and earn a stamp in your passport along the way.

Once you have completed the activity sheet you can stick the stamp into your passport and head to the next city!

## MAKING THE PASSPORT

The easiest way to make the passport is to print the two pages using the double-sided option on your printer but if you can't do this, here's an easy alternative:

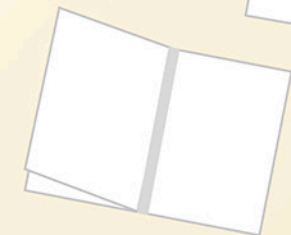

**1** Print out both A4 sheets of paper

**2** Fold the cover in half along the dashed line, ensuring front is facing out.

Fold the second sheet in half, making sure the circles are inside.

**3** Using double-sided tapes of glue, attach the inside to the outside along the fold line on the back. It's now ready to use on your travels

# PASSPORT STICKERS

Using the dashed lines as a guide, cut out the passport stamps.

Ask an adult to help.
