

THE ODD FISH

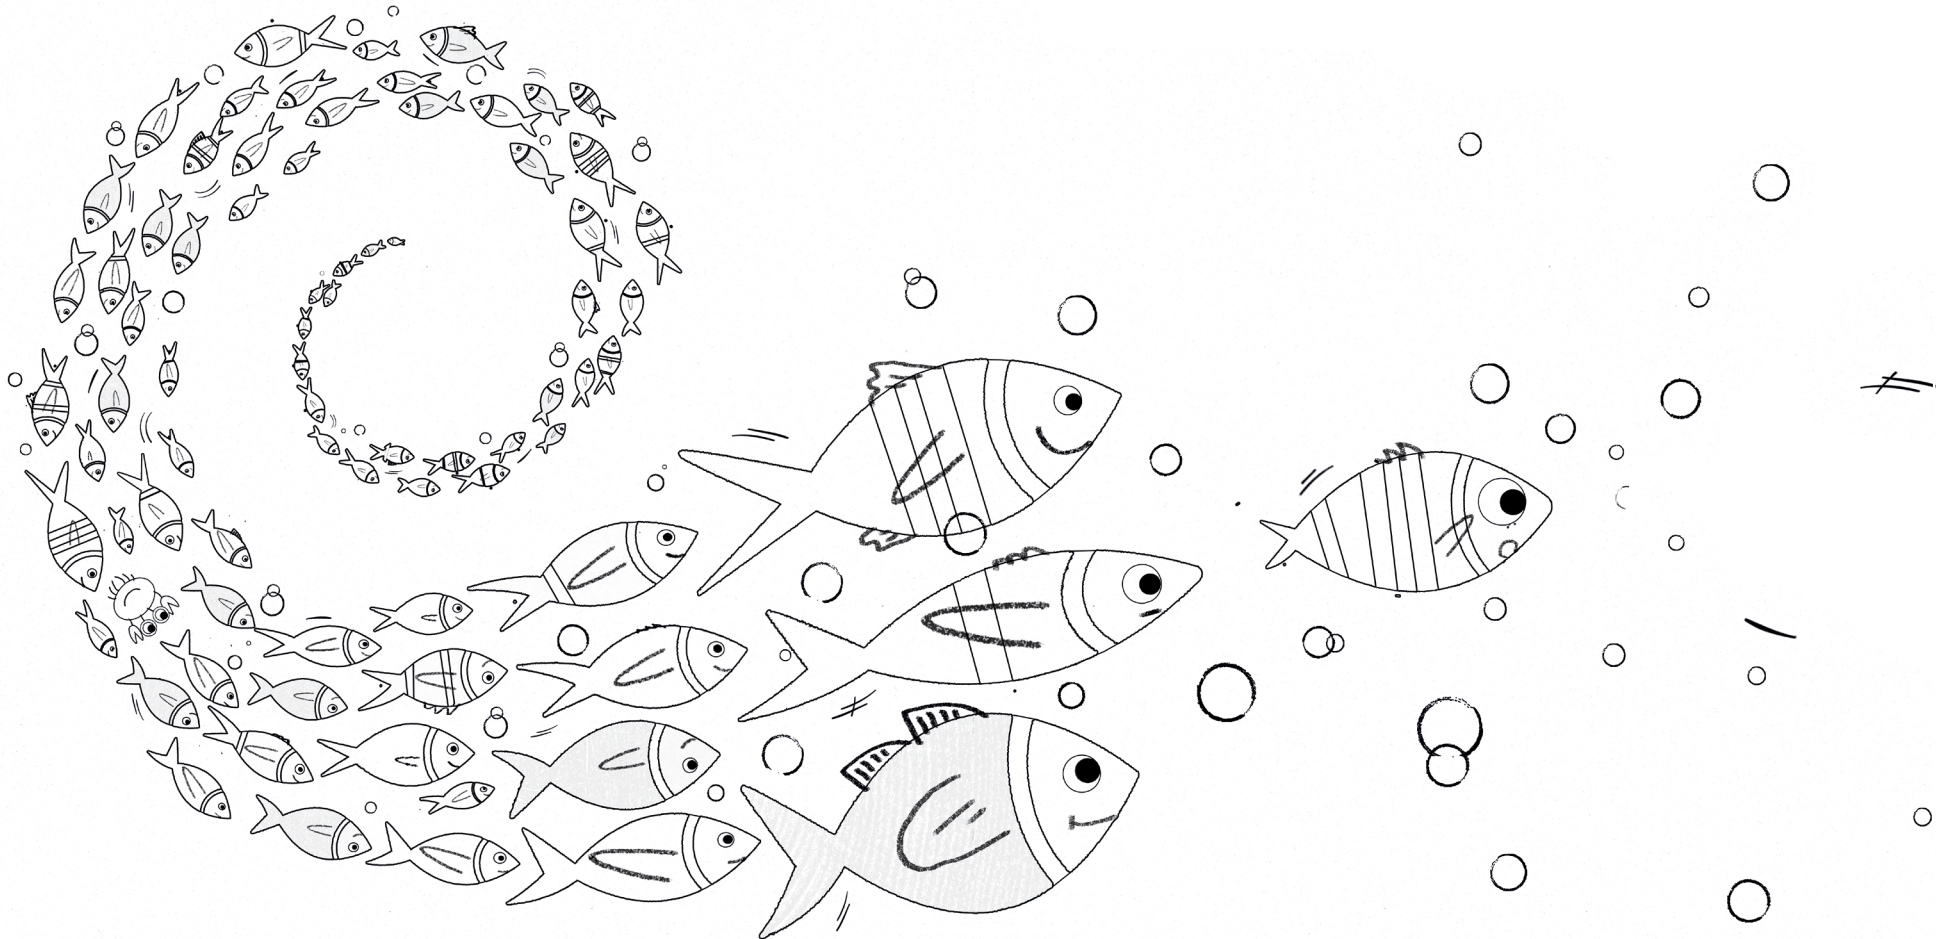

An illustration of an underwater scene. On the left, a red crab is on a dark blue, wavy line representing a rock or coral. Below it, three colorful fish (orange and white, blue and white, and blue and white) are swimming. In the center, a green plastic bottle is floating. On the right, a large, dark blue, wavy line represents a rock or coral, and it is covered with various pieces of plastic waste, including a green plastic bottle, a white plastic bottle, a white plastic cup, a white plastic fork, and a white plastic bag. A small, brown, rectangular object is also visible near the bottom right. The background is a light blue, textured surface.
